CAPTAIN CANOT, UTHOR OF THE GREAT BOOK JUST BE IN PUBLISHED, SPEAKS of HAMPTON'S

GREAT OURE OF RURUMATISM CONTRACTED UNDER TROPICAL CLIMATES. BALTIMORE, Md., June 4, 1854. Mr. Stockbridge, of the Fountain Hotel, Light street.

Dear Sir: Being on the point of leaving the city, avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bottles more, to carry on my voyage Sirce I had the fortune to use Dr. Hampton's Vege graticude to the proprietors of said medicine, I beg you to present my respects to them, and induce December, when the current half year's interest be them to make it more publicly known as a surcomes vested in the stockholder at that date, all Rhoumaric cure. Having called on me on the 19th of April last, and seen me prostrated on my bed, usele-s in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had i not been for your strong and forcible recommends tions I should still have been in bed.

It is really a pity this specific should not be a proved by medical men, and like all patent drugs should suffer the imputation the public generally give to such preparations. I myself, who was all ways opposed to a patented specific, took this medi cine with reluctance, and without confidence in it and it was only through your disinterested, friendly recommendations, and my critical situation that in duced me to try this really beneficial Vegetable

You may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in the support of the good effects of Dr. Hampton's Vegetable Tincture, as it has cured me in five weeks of a chronic Inflammatory Rheumatism, contracted under tropical climates, and of seven years' periodical duration. I have only used three bottles, and find that even the deformed parts of my hands are fast returning to their former natural appearance. I have been under the treatment of several physiciens in London and Paris, without any apparent benefit; also, while in New York, having tried the Thompsonian and Homospathic remedies, after having been tormented with galvanic batteries, cold and aromatic baths, and hundreds of internal and external medicines, all to no effect, I am, so far sured by this Hampton's Vege able Tineture only Therefore, my wear sir, accept of the assurance of my gratitude, and believe me your well wisher.

THOMAS CANOT. REV. VERNON ESKRIDGE, U. S. N. Mr. J. E. Boush—Dear sir: While I am, in gene ral, opposed to patent medicines, cander compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family; and in dyspensia, loss of appetite, dissiness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours, VERNON ESKRIDGE, Chaplain, United States Navy.

One Sabbath morning we drove her out of the second story window, then again from the front hall. In a few minutes she was heard behind the house, and on looking out of the window she was disappearing in the bedroom window, off the ground floor. Word was given, but before any one could reach the place, she had bolted out of the window with a victorious cackle, and her warm egg lay upon the lounge. I proposed to open the pantry window, set the egg-dish within her reach, and let her put them up herself, but those in authority would not permit such a deviation from propriety. Mosquitors.—At a late meeting of the Boston Natural History Society, Dr. Durkee made some remarks upon the mosquito, of interest to the numerous sect. Among other things, he stated that he had satisfied himself, from repeated examinations with the microscope, that the male mosquito has no sting, and cannot draw blood, the female alone being endowed with that organ. The male lives upon the juices of flewers and plants.
